**Vision Statement:** Every young person should have access to a high-quality out-of-school time experience.

**Background**
The 21st Century Community Learning Centers (21st CCLC) provide high quality programming to a diverse group of children grades pre-K to 12th grade in communities nationwide. 21st CCLC programs provide academic enrichment opportunities for children during out-of-school time, including before- and after-school and over the summer, offering academic support and enrichment programs, STEM activities, tutoring and physical activities.

Among Club Teens, 97% expect to graduate from high school and 87% expect to attend college.

This initiative is currently the **only federal funding source** dedicated exclusively to **out of school time education programs**. 11.3 million school-age children are home without adult supervision after school. Cutting or eliminating funding for 21st CCLC would have a **devastating impact nationwide**.

Every dollar invested in Boys & Girls Clubs returns **$9.60** in current and future earnings and cost-savings to their communities.

21st CCLC currently serves 2 million children and families

- **Improved academic performance**
- **Boost school-day**
- **Stronger communication and collaboration skills**

**Boys & Girls Clubs** are now the **2nd largest provider of afterschool programs in rural America**—second only to public schools. There are **1,058 rural Clubs** that serve nearly **317,000 registered members**.
Out-of-School Time
Currently, youth spend more time out of school than in, making quality and impactful out of school time (OST) an economic, moral and national imperative for our country. 21st CCLC programs provide essential support to closing existing educational opportunity and achievement gaps for underserved students.

As a leader in the out-of-school time space, Clubs meet the needs of local communities across the country, keeping young people safe, providing opportunities for improving academic success, and building character and leadership skills, which helps increase youth resiliency and reduces high-risk activity.

In 2018, 196 Boys & Girls Clubs in 47 states and Puerto Rico received 21st CCLC funding serving an estimated 51,800 youth. This competitive grant provides crucial resources in local communities across the country and establishes support systems youth need for their success.

Success Stories
Boys & Girls Club of the Ozarks is a 21st CCLC recipient that was able to expand services into new communities. Currently, they serve about 22 percent of the student body in their community, with 90 percent of youth improving or maintaining grades and 35 percent getting their first job with the help of the Club.

Boys & Girls Clubs of Topeka is a 21st CCLC recipient and as a result has been able to expand Club services to two additional school districts, partnering with four new schools to infuse services needed to reach more children at or below poverty. This partnership resulted in 67 percent of students making continuous improvement and/or maintaining high academic performance in math.
